The name "Kayla McKinney" is written in a white, stylized, cursive font. The word "Kayla" is on the top line and "McKinney" is on the bottom line. Two white, feathered wings are positioned behind the text, one on each side, as if they are emerging from behind the letters.

# Kayla McKinney

Award-nominated Singer-Song Writer **Kayla McKinney's** powerful vocals are exactly the sound Country Music fans have been looking for. With a traditional timber in her voice, Kayla cuts through the sea of other female artists that Nashville has to offer.

Hailing from the same hometown as **Luke Combs** and **Chase Rice**, **Kayla McKinney** is the "follow-up baby sister" who deserves to be heard from her seat at the table. Her vocals are only matched by her talent as a songstress who eloquently shares the story of the embattled American Woman's challenges and victories in love and life.

Now all you have to decide is if you want to say, "I was a part of **Kayla McKinney's** success story," or will say, "I missed my chance."
